Your Lost Opportunities

How many real good opportunities have you lost in the past twelve months solely for the lack of a little ready money?

How many more are you going to lose for the same reason? Why not begin to SAVE money NOW-It's merely the spending of less than you earn.

And no better way in the world to systematize your spending than by opening a checking account at the First National and paying all bills by check, which gives a clean, consecutive record of the money you spend, with whom spent and what for.

You'll think twice before spending money thoughtlessly, when you have to write a check for it each time.

The British steamship Cundale left for sea yesterday.

Shipbuilding in Germany.

Official statistics on German shipbuilding, quoted by Consul General Richard Guenther, of Frankfort, show that during the year 1908 there were nienty-nine (against 438 in 1907) seagoing steamships, of an aggregate of 147,270 gross register tonnage, built in German shipyards; at the close of the year sixty-seven ocean steamers were in course of construction, representing 187,362 tonnage. Saipbuilding and the shipping trade have not been prosperous in the past year.

Shipping Sales. The Glasgow iron screw three-mastd steamship Britannia, owned by the Auchor Line (Messrs. Henderson Brothers, managers), has been disosed of to Eastern purchasers for about 6,300 pounds. The vessel was constructed by Messrs. D. and W. Henderson, Glasgow, in 1879, and has a gross register of 3,069 tons. Sae was fitted with triple expansion engines, having cylinders 24, 40 and 64 inches, with a stroke of 42 inches, producing

A steamship now in course of construction at the yard of the Sunderland Shipbuilding company is stated to have been sold to a London shipowning firm through the agency of Messrs. H. E. Moss & Co., Newcastle, etc. The vessel is to carry 7,300 tons of cargo and the purchase price is

said to be in the neighborhood of 40.

265 nominal horsepower, by the build-

000 pounds sterling. The steel turret steamships Claverly and Claveresk, each 3,829 tons gross, 2,441 tons net, carrying 6,600 tons deadweight on 21 feet 9 inches draft, built and engined by Messrs. Wm. Doxford and Sons, Sunderland, n 1907, with triple expansion engines having cylinders 24, 41 and 63 inches with 45 inches stroke, have been sold by the mortgagees to Mr. A. Munro Sutherland, Newcastle, for 30,000 pounds sterling each. The vessels are stated to have cost about 42,000 pounds sterling each two years ago, and are of the latest type of clearhold turrets.

LARGE CROWD GATHERED ON GARDEN STREET YESTERDAY MORNING AND SAW STEAM FIRE ENGINE AND CHEMICAL WAGON IN OPERATION.

A fire, consisting of the material necessary to construct twelve extra large wooden dry goods boxes, saturated with kerosene oil and arranged in a manner that afforded a draught sufficient to cause the flames to burn fiercely, was extinguished in fifty-nine seconds yesterday morning by one stream from the chemical tank on the embination chemical and hose wagon ecently purchased by the board of public safety, during the exhibition given by the fire department for the entertainment of carnival visitors yesterday morning at the corner of Spring and Garden streets.

The steam fire engine was also exnibited, being placed in operation: This portion of the exhibition proved very interesting to the large number of spectators. The engine was in charge of Engineer Archell.

Chief Bicker expressed himself as being highly pleased with the records made. He also complimented the men who took part in the exhibition, stating that their work was excellent.
